EXPERIENCE

Current:

I am seeking my first entry-level front-end developer role.

Previous:

Organization: Zavati Construction Limited, Abuja, Nigeria.

Role: Project Manager II

Timeline: June 2016 – October 2019 | Resignation

Description:

I worked as a subordinate supervisor of real estate construction projects and assisted the Head of Operations to create a project management system for the company. This system was not in place before we both joined the company. I also assisted management to develop a project expenses tracking system using Microsoft Excel for several construction projects spread across several states in Nigeria.

Organization: Esterbag Engineering Company Ltd., Abuja, Nigeria.

Role: Graduate Engineer

Timeline: November 2013 – January 2015 | Resignation

Description:

I worked as an intern assisting with the structural design of civil works using AutoCAD for the construction of a 132/33 KVA Power Substation at Kachia, Kaduna, Nigeria. I also assisted in supervising construction works on-site implementing my designs.
